How students travel to school: Student worksheet

1. Would the graph look the same everyday? Why or why not?
2. A new student came to school by car. Is the new student a boy or a girl?
How do you know?
3. What does the row with the train tell you about how the children get to school?
4. Tom is not at school today. How do you think he will get to school tomorrow?
Why?
